WASHINGTON.

The Senate's Interesting Secret Session.

A DEFICIENCY APPROPRIATION.

Bill Amended and Passed—House Proceedings—General Sheridan's Condition.

[Associated Press Dispatches to the HERALD]

WASHINGTON, May 25.—In the Senate, Blair introduced a joint resolution proposing an amendment to the constitution to the effect that no State shall ever make or maintain any law respecting the establishing of any religion or prohibiting the free exercise thereof, and that every State shall establish and maintain a system of free public school, but that no money raised by taxation shall ever be applied to sectarian purposes. Laid on the table.

The Senate then proceeded to the consideration of the House bill making an appropriation to supply the deficiency in the appropriation for the expenses of collecting revenue from customs. Allison having charge of the bill explained in answer to questions put by Edmunds the causes of deficiency. He ascribed it entirely to the legislation of 1874, repealing the moiety system, and said that since then the receipts from fines, penalties and forfeitures had been constantly falling off while the expenses of collecting had been constantly increasing. Edmunds suggested sarcastically that while there might have been extravagance in the collection of revenues under the former administrations, there could not, of course, have been any extravagance under the present administration. An amendment reported by the Committee on Appropriations to strike out the clause repealing the law making a permanent annual appropriation of $5,500,000 for the expense of collecting revenue from customs was agreed to. Other amendments reported were also agreed to and the bill was passed.

The Senate then proceeded to consideration of executive business, and when the doors were re-opened adjourned till Monday.

SECRET SESSION.

The Senate spent several hours in secret session ostensibly discussing the motion of Senator Sherman to proceed to a consideration of the Fisheries treaty with open doors, but in reality debating the merits of the treaty itself. Senator Morgan was the principal speaker. The afternoon session is reported to have been remarkably dull as a general thing, but it is said a colloquy between Senator Edmunds and Morgan in regard to things the President is likely to do if the Senate does not ratify the treaty would be read with interest if made public.

TARIFF SUB-COMMITTEE.

The tariff sub-committee of the Senate Committee on Finance, held its first meeting to-day, at which a general discussion of plans and purposes took place. It is probable that there will be a substantial agreement upon the administrative features of the Tariff bill, also in respect to the removal of incongruities and inconsistencies of the present customs law, and placing a number of new articles on the free list; but beyond this point it is expected that the sub-committee will divide upon strictly party lines.

The House and Its Committees.

WASHINGTON, May 25.—Private business having been laid aside the House went into committee of the whole on the legislative, executive and judiciary appropriation, which was read by paragraphs for amendments.

The greater part of the afternoon was consumed in a dreary political discussion upon the proposed increases of salary for House employees, and the tedious details on points of order. No material changes were made in the bill.

McComas, of Maryland, offered an amendment increasing the clerical force of the Civil Service Commission. Pending the vote upon the amendment, on motion of McKenna, of California, the Senate bill was passed, increasing by $50,000 the appropriation for the erection of a public building at Sacramento. The House then took a recess till 8 P. M.

The House at its evening session passed fifty private pension bills, and at 10:30 adjourned until to-morrow.

SUPPLEMENTARY NOTES.

The conferees on the part of the House on Representative O'Neill's bill creating a department of labor, have reached an agreement by accepting the Senate amendments, which were merely matters of form.

The Speaker to-day laid before the House a letter from the Attorney-General asking for a deficiency appropriation of $110,000 for the present fiscal year, for witness and juror fees in the United States and Territorial courts of Utah.

PACIFIC RAILROADS COMMITTEE.

The House Committee on Pacific Railroads to-day began consideration of the case of the Central Pacific Company, adopting as a basis for its action the bill for the settlement of the company's debt proposed by the Pacific Railroad Commission. The committee decided to amend the Union Pacific bill by the addition of a paragraph which further provides that nothing in the act shall be construed so as to deny the right of any State in which the Union Pacific Railway or Central branch is operated, to control and regulate said roads in the same way as roads organized under the State law. The committee will proceed with the consideration of the Central Pacific bill next Friday.

Capital Cullings.

WASHINGTON, May 25.—Bond offers to-day were $48,800. The Secretary of the Treasury accepted $10,500.

PERSONAL NOTES.

Colonel Markland, Superintendent of the army mails under General Grant, died here this morning.

Cardinal Gibbons and all the church dignitaries who took part in the laying of the corner-stone of the Catholic University yesterday, called at the White House at noon to-day by special appointment, and paid their respects to the President. The presentations were made by the Cardinal.

APPROVED BY THE PRESIDENT.

The President approved the act authorizing the President to arrange a conference between the United States and the Republic of Mexico, Central and South America, Hayti, San Domingo and the Empire of Brazil; an act to restore a part of the Uintah Valley Indian Reservation to the public domain, and an act to limit the hours that letter carriers in cities be employed per day.

GENERAL SHERIDAN'S CONDITION.

General Sheridan is a very sick man, and physicians are in constant attendance upon him. His trouble is valvular affection of the heart, and he had several alarming sinking spells from which he rallied with difficulty, the last being the most severe of all. The failure of the ... death's door several times, and the fear is that a recurrence of the trouble may take him away suddenly at any moment.

A consultation was held to-night. At its conclusion the following statement, which is concurred in by all the physicians, was given to the press: 8:30 P. M.—Consultation by Drs. Matthews, Yarrow and Orr: Patient sitting up; voice strong; bright, cheerful and hopeful; oedema of legs diminished; pulse 110, his normal pulse rate being 106, firm and regular; heart's sounds are clearer; respiration thirty and regular; has no nausea and has taken sufficient nourishment; tongue cleaner; condition in general improved since the morning visit.

At 11 o'clock Dr. Yarrow said to a reporter: "I felt quite uneasy this morning about General Sheridan, but when I saw him in the afternoon I noticed a change for the better. He was additionally improved to-night when I left him. He is cheerful, walks up and down his room and I feel assured the danger point has passed."

THE SURPLUS.

The United States Treasurer has paid $12,500,000 during the present month on account of pensions alone, notwithstanding which fact the excess of receipts over expenditures during the month is nearly $5,000,000. The Treasury surplus, which fell at $96,000,000 at one time during the month, has again risen to $101,000,000.

Civil Service Investigation.

NEW YORK, May 25.—The Federal Senatorial Civil Service Investigating Committee resumed hearing in regard to the administration of the Civil Service law in the New York custom-house this morning. Senator Spooner announced that Senator Hale, the chairman, agreed with him that under the Senate resolution appointing the committee, it was only empowered to investigate the workings of the Civil Service law under the present administration, and could not go back to previous administrations.

D. E. Moore, assistant appraiser and a member of Tammany Hall, testified that Appraiser McMullin went to Washington to see the Secretary of the Treasury. McMullin told him that the Secretary of the Treasury gave him a list of the men to be removed. Although he was told that the men were good and efficient, the Secretary insisted on their removal. Witness had a conversation with Assistant Secretary Maynard in February, 1887, in which he told Maynard that if he was going to remove the men for being Republicans, he (witness) was with him every time, but if on charges, he wanted to know something about it.

Lewis McMullin, appraiser, testified that D. Sherrer and others who were removed were competent men. When asked why he recommended their removal, he said it was because Secretary Maynard had suggested to him he should do so. He knew of no cause for their removal. Letters from Secretary Fairchild, notifying McMullin of the removal of Sherrer and three others, and suggesting that he recommend the reinstatement of McElrea, who had been discharged for drunkenness, were read. Witness adopted the suggestion and he was reappointed. Subsequently Civil Service Commissioner Oberly gave notice that the reappointment was illegal, as no recertificate of eligibility had been given by the Civil Service Board. A certificate was afterwards obtained under the rule permitting the board to grant such certificate without examination when reinstatement was to be made within a year of removal.

Senator Blackburn then took the witness in hand. He asked him if he had come before the committee prepared to answer all questions and with his letters and records arranged so they could be conveniently referred to? He said he expected he would be required to answer questions and produce letters. He had no ground on which to form an opinion as to the influence that caused McElear's re-instatement. Witness said he was a Democrat in a third generation of Democrats. He said in conclusion that Assistant Secretary Maynard and he had a conversation about the number of Democrats in the Appraiser's department. At present from forty to fifty per cent. of those in the department are Democrats. In 1885 there were no Democrats except himself in the department.

John A. Sherrer, ex-examiner of sugars, testified that he wrote to Secretary Fairchild asking if there were any charges against him, but received no answer.

Ex-Storekeeper Hotchkiss, a Republican who was removed February last, testified that Collector Magone told him there was no complaint against him, but there were too many storekeepers. A number of storekeepers have been appointed since and they were Democrats.

Political Pickings.

Ex-Mayor Grace, of New York, announces that he will contest with Gov. Hill for the nomination for Governor of New York.

The Democrats of Petersburg, Va., elected their entire ticket yesterday by a majority of 960. It was their first unanimous victory in eight years. Many of the negroes voted with the Democrats.

The Land and Labor Club which is presided over at Chicago by Mr. Cowdrey, the nominee of the Union Labor party for President, has rebuked him for accepting the nomination.

The latest Blaine programme is said to be a scheme for the Blaine men to center on Levi P. Morton as their dark horse.

The Prohibitionists of Ohio are holding their State Convention at Toledo. The usual platform has been adopted.

Farewell to Esmonde.

NEW YORK, May 25.—Americans and Irishmen joined hands this evening in giving a farewell reception at the Academy of Music to Thomas Henry Gratton Esmonde prior to his return to Ireland. The vast building was packed with people. Sir Thomas in the course of his remarks said that during the eight months he had been here he had met with nothing but cordiality and kindness and he wished to express his gratitude. Different State Legislatures had also paid him the highest honors. He wished to proclaim Ireland's indebtedness to the press of America. He then spoke very highly of John Fitzgerald, president of the National League, and said in conclusion he would convey to Ireland a message from the American people, that so long as the Irish show the spirit of men, so long as they are determined to secure their freedom, so long will they receive sympathy and support. Speeches were also made by Governors Green of New Jersey, Lounsberry of Connecticut and Biggs of Delaware, and ex-Postmaster General James, Hon. Charles A. Dana and others, expressing sympathy for Ireland. Resolutions in favor of Home Rule, denouncing coercion and endorsing Gladstone and Parnell, were passed.

A Bloody Deed.

VIROQUA, Wis., May 25.—Information was received here to-day of the murder of four persons last night in the town of Kickapoo. Mr. and Mrs. Reuben Drake, an old couple, were shot dead in their own house by unknown parties, and the throats of their two little grand-children were cut from ear to ear. The lifeless bodies were found this morning, when the neighbors made an investigation, because of the unusual quiet about the ... the children were stretched in their beds. Everything was turned upside down in the house, and it is supposed that the murder was the result of an attempt at robbery.

RELIGIOUS CONCLAVES.

A Scene in the Presbyterian Assembly.

THE METHODIST CONFERENCE.

Color Line Removed—The Dunkard Meeting—Religion and Evolution.

[Associated Press Dispatches to the HERALD.]

PHILADELPHIA, May 25.—A meeting of the Woman's Committee on Home Missions was held this morning. Delegates were in attendance from many States and Territories. Rose Cleveland, the President's sister, was on the floor and made a brief address on the value of home missionary work. The first thing the Presbyterian Assembly did this morning was to vote to meet next year in New York. The report of the Judicial Committee was presented and its recommendations were approved, until the appeal was reached of Judge Drake against the synod of Baltimore in the case of Rev. Little, in which the synod had refused to condemn responsive reading of the Scriptures in public worship.

The Judicial Committee recommended that the appeal be not sustained. It was referred back to the committee with instructions to report upon the orderly character of the appeal. This will bring the matter of responsive readings before the General Assembly.

The Committee on Foreign Missions reported, recommending a contribution of $1,000,000 for the cause of foreign missions during the present year, and gave an encouraging exhibit of the work already done.

The committee report and accompanying recommendations were adopted, including one to send seven elders to attend the organization of the Presbytery of Rio de Janeiro, Brazil, in August next.

At the afternoon session Dr. McCosh reported back the appeals of Judge Drake against the Synod of Baltimore in the cases of Geo. O. Little and Rev. T. S. Hamlin, of the Church of the Covenant at Washington, and the Assembly found itself dangerously close to a general discussion of the question of responsive readings of the scriptures in public worship. Dr. Calvin W. Stewart came to the rescue with a motion to have a trial of appeals referred to a judicial commission which was agreed to after some opposition.

J. C. Smith, D. D., of Baltimore, then read the report of the Committee on Conference with the Southern Assembly on organic union. The question of the relation of the colored people in the South to the church, is thus disposed of in the Committee's report: "We are of the opinion that our Assembly will agree to a basis of organic union by which the present boundaries of, and constituences of the Presbyteries and Synods in the South shall remain in *statu quo*, to be changed only with consent of the parties interested, and that all new churches and new Presbyteries hereafter established shall be organized by, and received into connection with the Presbyteries and Synods respectively, as the interested parties may mutually agree." Dr. Smith said this was merely designed to give the colored members and colored churches the liberty of entering such associations as they desired, and was in no sense mandatory upon the colored people, who could associate with white Presbyteries as in their judgment seemed proper.

Rev. Evard Kempshall, of New Jersey, made a plea for deliberation, and moved to recommit the report to the committee, with instructions to report to the next General Assembly.

Rev. Howard Crosby, of New York, hoped the General Assembly would act promptly and favorably upon the committee's report.

Rev. John R. Paxton, of New York, favored Dr. Kempshall's resolution for recommitting, and during his remarks occurred one of the most remarkable demonstrations yet seen upon the floor of the General Assembly.

"Silence at this time is golden," he said; "there stands the negro; may God curse the day when he came from Africa's sunny strand." Here the Assembly and spectators broke into a perfect storm of hisses which the moderator vainly strove to suppress, breaking his gavel in the effort to do so. Dr. Paxton explained that he loved the colored man and his remark had been misunderstood. What he did mean was that the negro was stolen from his home, robbed of his hostage and sold into slavery. The assembly applauded this.

Justice Strong argued against hasty action. Dr. McCosh favored the adoption of a resolution declaring a willingness to form a union on the ground of a standard of the two churches, pure and simple. After considerable discussion, Governor Beaver moved to refer the matter to a special committee, to report to the Assembly at the earliest possible moment, their report to take precedence over any other order before the body. This was adopted, and the Moderator appointed as such special committee Justice Strong and Drs. Crosby, Young, Hoyt and Sanders. Adjourned until to-morrow.

SOUTHERN WING.

BALTIMORE, May 25.—The entire day's session of the Southern Presbyterian general assembly was given up to the argument of Dr. Strickler, of Georgia, against Dr. Woodrow, on trial for having preached evolution. Dr. Woodrow occupied the evening session with the closing arguments in his defense. He reasserted his belief in evolution and declared his teaching on that subject had not only not led any of his pupils astray, but had in fact kept many of them out of infidelity.

UNITED PRESBYTERIANS.

CEDAR RAPIDS, May 25.—The General Assembly of the United Presbyterian Church spent its morning session on the tobacco question, and decided it had no right to instruct the Presbyteries to refuse to license a candidate for the ministry addicted to the use of tobacco, but adopted a strong recommendation against it. The afternoon was given to the report on Home Missions. A report appropriating $2,000 was adopted. The evening was devoted to temperance.

METHODISTS.

NEW YORK, May 25.—At to-day's session of the Methodist Conference the business that came up was the continuation of the discussion of the temperance question.

The discussion was finally completed by the passage of a resolution which was ordered placed on the Discipline of '88. The resolution declares opposition to the enactment of laws that propose by license, taxing and otherwise to regulate the drink traffic and holds that the proper attitude of Christians against this traffic is one of uncompromising opposition. The resolution declares that "complete legal prohibition of the traffic in intoxicating drink is the duty of the civil Government."

The election of General Conference ... was ordered for the choice of ... Earl Cranston of Colorado and W. P. Stow of Wisconsin were selected Western agents.

In spite of bitter opposition the report recommending a Missionary Bishop for India was adopted, and the assembly at once elected Rev. J. M. Thoburn to the position.

The election of missionary secretaries to succeed Dr. J. M. Reed and Chaplain C. C. McCabe was then proceeded with. The Conference ordered the election of three and the names put in nomination were T. B. Neely, J. O. Peck, John W. Hamilton, A. B. Leonard, Jacob Todd, Wm. A. Olin, J. B. Graw, C. C. McCabe, W. A. Spencer, K. M. Reid, George S. Hare, Dr. Bentley and Horace Reed. When the tellers had retired Bishop Warren announced that the consecration of the Bishop Select would occur on Tuesday next at noon. Rev. J. O. Shumpert, a colored delegate from Columbus, Mississsippi, offered a resolution asking the Conference to reaffirm its decision and ruling that in the Methodist church the color line was no bar to holding office. It was unanimously adopted, and the conference adjourned. The result of the ballot will be announced in the morning.

THE DUNKARDS.

WABASH, May 25.—The National Dunkard Conference concluded its work today at North Manchester. The first paper related to the mode of baptism, and it was decided hereafter a change will be made from the triple to the single mode. By an unanimous vote George T. McDonough, travelling passenger agent of the Santa Fe system, was made the general railroad agent for the German Baptist Brethren, and in the future will arrange all their business with the manager of the traffic associations. The second district of Virginia and the Southern District of Illinois sent requests for the next annual meeting, and an invitation from Virginia was accepted. A series of resolutions were passed, expressing the loss to the church occasioned by the death of Elder Quinter last Saturday, and expressing sympathy with the family of the deceased. The financial showing of this meeting is an excellent one. The expenses were $5,000, and the receipts reported up to to-day exceeded that sum. Over 10,000 meal tickets were sold, besides the sales at the lunch stands. The book and tract work is meeting with great success, and the lead-Brethren are giving it both moral and financial support. To-night most of the Brethren left for home.

They wore one and one quarter ounce gloves. Twenty-five rounds were fought, and the fight lasted one hour and fifty-five minutes. In the twenty-fifth round it was plain to be seen that Murray was overmatched and could not last another round. Hale went into his corner and knocked him down with a right-hander. Murray was pushed over to him and Hale dropped his left into his stomach, knocking out Murray. Referee Jack Fogarty declared Hale the winner amidst loud applause.

CHICAGO, May 25.—Anson's young players won another game from the League champions to-day. It was a hard-fought contest, and both pitchers did splendid work. Chicago's victory was due principally to errors by the Detroit fielders in the ninth. Score—Chicago 3, Detroit 2.

Laying of the Corner-stone at Jackson, Mississippi.

JACKSON, Miss., May 25.—More than ten thousand persons witnessed the ceremony connected with the laying of the corner-stone of the Confederate monument here. Jefferson Davis did not attend, owing to bad health. Eight military companies, a number of benevolent associations, about one hundred war veterans, and a large Masonic representation were in line. Upon arriving at the State capitol building Miss Winnie Davis was conducted to the library chamber and formally introduced to a large crowd by Governor Lowry. The ceremonies at the monument followed, and were opened by the reading of a letter from Mr. Davis explaining his absence. Colonel Chase Hooker delivered the oration, and at the close presented Miss Davis a silver crown to be given by her to her father. The crown is the gift of three Missouri gentlemen. Its presentation was unexpected, not having been announced in the programme. The laying of the corner-stone with Masonic ceremonies closed the exercises of the day.

The Tribune and the Tariff.

The New York *Tribune* has published a table purporting to show that from the beginning of 1879 to the end of 1887 the circulating medium of the United States increased nearly one hundred per cent in gross amount, and from $17 to $23.13 *per capita* of our population. The exhibit includes coins of all sorts, coin certificates, legal-tender notes and certificates and National bank notes. The *Tribune* claims that this encouraging state of affairs is due to the protective tariff policy of the Republican party. Allowing, for the sake of the argument, that the table is in all respects correct—which we very much doubt—how then does it follow that this result is due to the tariff schedule? And how will it follow that the passage of the Mills bill will, as that journal further alleges, cut down the ratio of our circulating medium?

In the decade ending with the date when the *Tribune* begins its table the circulating medium of the Nation was contracted to an alarming extent. This took place under the same war tariff system which is credited with the expansion of the later period. From 1870 to 1880 the rate was rather higher, there was rather more protection, than during the greater portion of the time when the increase has taken place. Did the higher protection cause the contraction, and the lower protection the expansion? The *Tribune* is pursuing an illicit process in logic in this argument. Its premises are false. Tariff and the volume of money have no direct and necessary connection. Other factors come in play here to account for these results.

In 1873 Mr. Sherman and his colleagues demonetized silver, and as a consequence our circulating medium was greatly contracted. In 1879 the issuance of coin certificates was adopted, and that with the operation of the Bland silver bill stopped a contraction which if allowed to run much longer would have ruined the country. The tariff had nothing to do with the matter at all.

Another thing worthy of careful consideration in this matter is that the increase *per capita* is not so very large—even taking the *Tribune* table as correct. It is something, but there is room for further relief in this respect. Still further let us note that the business of the American Union swells in volume even more rapidly than does its population. It may well be doubted if there is any more money in the country to-day in proportion to the output from all our industries, dollar for dollar, than there was in 1879.

The New Charter.

The City Central Committee of the Democratic and Republican parties have put this ticket in the field for the Board of Freeholders:

Democrats—Joseph Kurtz, C. E. Thom, F. Sabichi, A. F. Mackey, H. M. Johnston, T. B. Brown, J. G. Estudillo.

Republicans—W. W. Robinson, J. W. McKinley, E. P. Johnson, George H. Bonebrake, Charles E. Day, W. S. Moore, John Mansfield.

The proposed Board as a whole is good. Dr. Kurtz, Captain Thom, Mr. Sabichi, Mr. Brown, Mr. Robinson, Mr. McKinley, Captain Johnson, Mr. Day and Mr. Moore have had much experience in the government of this city. The other gentlemen are experienced, practical and well qualified for the duties to devolve on them. There is legal talent enough in the Board to guard against any unconstitutional provisions creeping in, and there are enough non-professional members to keep the new charter from taking too technical a shape.

The election will be held on the last day of this month. The Board should be elected.

Because the Salvation Army Cast Him Off.

George Coffey was found dead in his bed yesterday morning, at No. 239 New High street, having committed suicide by taking morphine. On the previous evening he had gone to the house about seven o'clock and had told Miss Minnie Tully that he was going to say good by. He hoped to meet her in eternity. The week before he had told her he was tired of living. Witnesses at the inquest testified that he had been a drinking man and that he had been discharged from the Salvation Army for drunkenness. He left letters to his brother, among which was one that said: "When I came to California I kept up my drinking, kept on the same old road to hell, until I ran across the Salvation Army, where I got gloriously blessed. About a month after I fell. God knows I was sorry for it, and with tears in my eyes I sought forgiveness, which they refused to grant; but I forgive them all, and may they meet me in heaven. The load is too heavy for me to bear. I am not insane at all. I know everything that I am doing. Had the Salvation Army treated me as Christians should, I would be with them yet, but they unmercifully cast me off when I tried to do right. But God knows I forgive them all and I pray they may meet me in heaven. May the mercy of God be with you all. Amen."

Some of the members of the Salvation Army stated last night that Coffey had not been dismissed from the Army. After he had fallen, as he confessed in his letter, his badge was taken away, and he was put back on probation and given a three months' trial, at the end of which he could have been readmitted; but it seems that he misunderstood the ruling in his case, although it was carefully explained to him.

MISSING MEN.

Inquiries Made For Two Easterners.

Inquiries from the East have been made at the postoffice for information regarding two individuals who are supposed to be now resident in California. One is Freeman W. Stowe, a young man of 24 years of age, who left Philadelphia three years ago for Los Angeles and registered at the Old United States Hotel. He is about five feet six inches in height and has a light moustache and complexion. He has fallen heir to a fortune in the East and any communications regarding him should be addressed to G. F. Stowe No. 131 Green Street, Philadelphia.

The other missing man is Daniel McEachen, who came to Los Angeles last fall and has not been heard of since. His father, Angus McEachen, a resident of Shawnee, Perry county, Ohio, would be glad to hear from any one who knows the whereabouts of his lost son.

Resolutions of Thanks.

To the Public: Germania Lodge No. 241, A. O. U. W., desires to return their sincere thanks to the generous friends for their kind aid and assistance given them on the occasion of their recent picnic. It is gratifying, not alone to this Lodge but to the whole order of the A. O. U. W., to know that they have such generous friends and patrons to aid them in their work of relieving the sick, the suffering and the needy in their ranks and the widows and orphans of their members.

To the following firms and gentlemen this Lodge is under especial obligations for donations received: Boston shoe store, Diamond House, S. M. Perry, W. A. Beeson, C. W. Gibson Company, Pohlhaus & Vollmer, Boston dry goods store, Lazarus & Melzer, Quarré & Mauldin, City of Paris, People's store, Scheick, the hatter, Star shoe house, Central market, Farmlee's Bazaar, Siegel, the hatter, H. C. Weiner and H. Jevne. To the Centinela-Inglewood Land Company we are especially grateful for the donation of a fine lot in Inglewood that helped to make the affair a grand financial success. Respectfully,

DAN EINSTEIN, M. W.
CHAS. J. PETELER, Recorder.

W. C. T. U.

The regular meeting of the W. C. T. U. was held yesterday afternoon at 2:30 o'clock, Mrs. Moore in the chair. Mrs. Damon conducted the devotional services. A request was made of all persons who had temperance or religious papers for the different wall pockets in the city, to leave them at Mrs. Keyes' home, No. 329 Fort street. Mrs. Keyes was delegated to inquire about having wall pockets placed in the parks. A very interesting report of the Convention held at Alhambra was given by Mrs. Damon and Mrs. Keyes. Mrs. McFadden was appointed a committee of one to arrange for a platform meeting at one of the churches some Sunday evening. The meeting closed with the hymn "Blest Be the Tie that Binds."

The Santa Monica Casino.

All arrangements have been made for the establishment of a casino at Santa Monica, and work on it will be commenced in a very few days. It will be located by the tennis courts, and will consist of a ball-room, concert hall, reading room and ladies' and gentlemen's apartments. Ten thousand dollars are to be expended on it, and, judging by the plans, it will be a handsome addition to the architectural beauties of the city by the sea.

L TRAINS LEAVING ON TIME.

e Brotherhood of Brakemen not Implicated in the Strike.

esterday was a very interesting day at the uthern Pacific depot. No attempt was made the company to induce the striking switch-n to return to work, and the locked-out men oked sullenly on while the newly-hired crews de up and sent out the trains. Trainmaster ompson succeeded in securing fifteen good n, and this force will be further recruited is morning, and then work will go on as ual. The passenger trains all left on time l seven freight trains were sent out during e day. Some of the freight brakemen re-rned to work yesterday morning, and in the ternoon a Brotherhood meeting was called. s a verdict of this, a committee, consisting of Messrs. W. H. Raymond, W. H. Huffman and . B. Wandling, waited on Mr. Muir and wished it to be distinctly understood that the Brotherhood was in no way interested in the strike. As far as the brake-en are concerned, the trouble is practically over and as for the switchmen, the company, having now obtained new men, can dispense with the strikers' services.

A number of hostile demonstrations were made by the malcontents during the day, the irst being when the noon freight pulled out or Yuma. One of the disturbers succeeded in emoving a coupling pin but this was discov-ed in time and the matter soon remedied.

At the 4 o'clock south-bound freight start-d out one of the brakemen noticed that it was being boarded by one of the strikers evidently with the intention of doing mischief. He promptly drew a revolver and ordered the ntruder off, who not caring to run the risk of a ose of lead, reluctantly obeyed.

The engine of a north-bound train leaving at 4:30 was boarded by another of the kers. He ordered the engineer to stop the n and leave the engine, but the sty official replied: "Not until I notice from the Brotherhood or m headquarters." For a time it looked as if ious trouble would take place, but a number police put in an appearance and the intruder expelled.

new switchmen worked with a will, but be protected all day by a force of special ables, as they were frequently assaulted ones from the hands of the strikers. About armed men are on guard about the depot, if any further demonstrations are made y will be promptly checked.

THE LATEST.

At 6 o'clock the authorities decided that in ew of the fact that hostilities were possible, would be advisable to do no night switching, d, with the exception of handling the passen-r trains, no work was done in the yards roughout the night. This morning 15 men are pected from San Francisco, who will be im-ediately put to work and then the company ll have all the force necessary for handling e present business. At midnight Mr. Len arris called at the police station and left tice for Chief Cuddy to send fifteen specials d as many regulars as he could spare to the pot early this morning. Throughout the night a large force of armed n was kept on duty in the yards.

AZUSA WATER.

Proceedings in Contempt for Shutting the Gates.

The trouble over the water at the Azusa has commenced again and will be before Judge O'Melveny on the 29th instant, when proceedings against Wm. E. Parker and John McNish for contempt of court, will be heard. It will be remembered that last fall an injunction was issued forbidding any interference with the water supply of the Azusa Water Development and Irrigation Co. Yesterday Mr. Balbridge filed an affidavit with the County Clerk, setting forth that on the 23d of May Wm. E. Parker disobeyed the order of the court and shut down the gates at the division tunnel of petitioner. The affidavit also alleges that Parker not only shut down the water gates, but nailed them and placed a man on guard to keep them from being opened. A similar affidavit was made in reference to John McNish. Judge O'Melveny, after reading the affidavits, set the time for hearing as Tuesday next at 10 o'clock A. M.

Orange Growers.

The Orange Growers' Association met Tuesday morning, A. B. Chapman in the chair and about thirty members present. It was decided to send a man to Australia to thoroughly investigate the pest question and Messrs. J. R. Dobbins of San Gabriel, A. J. Driffel of Pomona, George Patton of San Gabriel and Dr. W. B. Wall of Santa Ana were appointed as a committee to raise funds for this purpose. A. B. Chapman was requested to formulate a series of questions to send to the Consuls of the orange growing sections of Europe, for the purpose of ascertaining the remedies for the destruction of insect pests.

Card of Thanks.

The German Ladies Benevolent Society tenders herewith their heartfelt thanks to all those who so kindly took part in their concert last night, as well as to all those who have helped to make their festival so successful.

An Assurance of Health.

Among the assurances of health afforded us by the regular discharge of the bodily functions, none is more important and reliable than that which regularity of the bowels gives us. If there is any—even a temporary interruption of this—the liver and the stomach suffer conjointly with inactive organs, and still greater mischief ensues if relief is not speedily obtained. A laxative, above all cavil on the score of mineral composition or violent effect, is Hostetter's Stomach Bitters, approved by the medical profession and a most important item of the family materia medica of American households. It is botanic, painless in action, and if persisted in, effectual. The stomach and liver, in no less degree and no less promptly and thoroughly than the bowels, are regulated and toned by it, and it is an admirable defense against malarial and rheumatic ailments, and a benign remedy for kidney complaints, nervousness and debility.

Make no Mistake.

By dispelling the symptoms so often mistaken for consumption, SANTA ABIE has brought gladness to many a household. By its prompt use for breaking up the cold that too often develops into that fatal disease, thousands can be saved from an untimely grave. You make no mistake by keeping a bottle of this pleasant remedy in your house. CALIFORNIA CAT-R-CURE is equally effective in eradicating all traces of Nasal Catarrh. Both of these wonderful California remedies are sold and warranted by C. H. Hance, 77 and 79 North Spring street, $1 a package, 3 for $2.50.

Cure For Piles.

Itching piles are known by moisture like perspiration, producing a very disagreeable itching after getting warm. This form as well as blind, bleeding and protruding piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching and effecting a permanent cure. 50 cents. Sold by C. H. Hance, 79 North Spring street.

EXCHANGE REVIEW.

NEW YORK, May 25.—The stock market was more active to-day than on any day for a long time, and showed more demand and strength. The result of to-day's trading was a material advance throughout the entire list. It was rumored early this morning that a Reading loan had been finally placed, and coupled with free buying for London account, which was a comparative novelty, the opening was made at an advance extending to ⅝ in general list. Further gains were recorded in the first minutes, but the traders and bears soon made up their minds that the reported placing of a loan was a hoax, and they began to hammer the market again in their old style. Official announcement of the final negotiations with the syndicate, however, again turned the current upward, and before noon material advances had been made over the whole list. Almost everything on the list is materially higher this evening.

The Iroquois Club has taken possession of the old Western Union Telegraph rooms at 17 North Main street, and will move in there without delay. The rooms are being handsomely decorated and fitted up, and when completed, will make as neat a club-house as could be wished.

The Democratic Central Committee has located itself at No. 240 North Main street, and Mr. C. P. Kearney has been appointed Assistant Secretary.

Hon. S. M. White left on the 9:30 train last night for the North. After a day in San Francisco he will proceed directly to St. Louis to participate in the National Convention. His return is not expected for about thirty days.

A meeting of the Democratic Central Club will be held to-night in Judge Taney's court room, at half-past seven.

Board of Health.

The Board of Health met yesterday at the Mayor's office with the Hon. J. F. Humphreys in the chair. The petition of J. J. Woodworth et al., praying that the owners of the ... house on San Pedro street, near Second, be denied the privilege of connecting with the sewer, was referred to Dr. Reese on motion of ... Hanley.

The petition of G. Grossman et al., praying to have the nuisances on New High, Wall and Upper Main street abated, was referred to the Health Officer.

The petition of C. H. Long et al., to have Rich street sprinkled, between Pico and Ross ... streets, was granted.

Mr. Tibbits, contractor for the new pest house, appeared before the Board to have ... payments for the new building satisfactorily arranged. He was required to give bonds in the sum of $1,500. Adjourned.

A Game Captured.

At 5 o'clock yesterday afternoon Officers ... ble, McKenzie and Bosqui surprised the players in the gambling rooms over the Turf Club saloon, on Spring street, and succeeded in capturing thirty players and three dealers. The players deposited $10 each for their appearance and the dealers $25 each, in all $3... This was in the busiest hour of the day at the rooms, and the people arrested were allowed to hand their bail to the officers without the formality of a visit to the Police Station. The game remained closed the balance of the evening.

AMUSEMENTS.

"Damon and Pythias" at the Grand Last Night.

A good house assembled last night to witness Mr. Warde and his excellent support in Banim's version of the world-famous story of the friendship of Damon and Pythias, the Senator and soldier of Syracuse of old.

Mr. Warde's "Damon" is a piece of very strong acting. Were the critic to indulge in a carping role, he might say the one blemish is in too much and too strong work. Mr. Warde's presentation of some of the scenes is intensely painful, even to those who ought to be callous to the simulated woes of the mimic stage. This may be what he aims to produce in his spectators, but if there is any fault to find, it is that he oversteps the bounds of moderation, a trifle in the intensity he throws into his acting.

Miss Blair, as the lovely, womanly "Calanthe," was as fascinating as in all these classic roles she plays so well. She is made to fit perfectly in a cast which calls for a maiden of Grecian mould. She looks like a Caryatid from an old Athenian temple.

For the matinee to-day *Gaston Cadol*, a very interesting, indeed a thrilling French military drama of the period of the revolution is the attraction. It is well worth seeing as it has merits which place it above the play which it most resembles, Bulwer's *Lady of Lyons*. The season will close this evening with a Shakespeare play, "Richard Hunchback" being the role in which the star will shine. The great sword act at the close of the play is one of Warde's masterpieces. As the Opera House closes with this performance it may be expected that the habitues will all be there in honor of the occasion as well as of Mr. Warde.

Simpsonian Entertainment.

The members of the Simpsonian Society gave a most novel and amusing entertainment in their chapel on Fort street between Seventh and Eighth. It consisted of a grand march and procession in which the following characters appeared and afterward either sang or spoke appropriate verses: "New Year's Day," Miss Wiseman; "St. Valentine's Day," Master Roy Hillman; "Washington's Birthday, George Washington," Mr. E. Lownes; "Martha Washington," Mrs. E Hillman; "St. Patrick's Day," Mr. Robert Strauss; "April Fool's Day," Master Jay Haight; "Easter," Miss Wiseman; "May Day," Miss Edith Holcomb, queen, with attendants; "Decoration Day," Misses Robinson and Ross; "Commencement Day," Miss Sadie Johnson and Miss Blaisdell; "Forefathers' Day," Miss Maggie Miller and Mr. W. E Abernethy, with solo; "Rainy Day," Misses Forrester, Pinkham, Little, and Mr. Brown; "Pleasant Day," Misses Simonds, Fairchild and Mr. Holcomb; "Fourth of July," Miss Nettie Palmer, with solo; "Thanksgiving Day," Miss Simonds; "Election Day," Messrs. Ross, R. J. Widney and E. P. Johnson Jr., with address; "Longest Day," Arthur Widney; "Shortest Day," Mr. Lincoln Caswell; "Wedding Day," Mr. and Mrs. Fred Caswell; "Pioneers' Day," Mr. Leslie, J. Puitt and F. Robinson; "Pay Day," Mr. P. F. Breses; "Christmas Day," Mr. Frank Abernethy, Miss Frances McCreery, accompanist. After the entertainment cake, strawberries and cream were served.

Reception to Artists.

At the invitation of Mr. Forbes, a select party of his friends assembled at his residence, 127 Asbury street, to tender a reception accorded Herr Köhler, the distinguished pianist, and Herr Emil Seifert, the renowned violinist. Punctually at 6:30 P. M. the guests began to arrive, and from that hour until nearly midnight the visitors experienced an incessant flow of hospitality at the hands of their genial host and hostess. The entertainment, which was purely of a musical nature, consisted of instrumental solos by Heinrich Köhler, who is a pianist of distinction, his selections holding his auditors enthralled by his extraordinary inspiration, and Emil Seifert, who is generally acknowledged to be one of the most accomplished violinists of the age, and whose numbers completely carried away his hearers, and vocal solos by Miss Annie Forbes and Mr. Huber. Amongst those present were Misses Helen Leiser, Constance Forbes, Effie Promeny, Mrs. DeBoston, Messrs. McClury, DeBoston, Jas Forbes, Gus. Forbes and a representative of the HERALD. A sumptuous repast was served at 8 P. M., after which speeches suitable to the occasion were made by those present. A reception will be tendered to these great musicians to-night by Baron Rognlat.

Canadian Social.

The usual weekly meeting of the Canadian Society was held last evening in the Opera House Hall, quite a large number being present. The programme was as follows: Piano solo, Miss Van Sickle; recitation, "The laird of Cockpen," Mr. J. C. Glidden; address, Mr. Dickson; vocal solo, "Rocked in the cradle of the deep," Mr. Osborne; reading, Mr. D. B. McQuarrie; song, Mrs. King; song, Canadian Glee Club; recitation, Miss Porley; song, Mr. Osborne; recitation, Miss J. Ross; recitation, "The sailor's wife," Mr. J. C. Glidden; song, Glee Club.

All the selections were warmly received and applauded. After the programme was concluded the audience arose and assisted the Glee Club in singing "God Save the Queen," after which all departed to meet again next Friday evening at the same place and hour.

Illinois Social.

The Illinois Society, which was organized in this city two years ago and has made it a practice to give a social every Friday evening during the winter season, gave its last entertainment for the present season last evening. At an early hour the hall was filled. The following took part in the exercises: Misses Obey and Glossbach, Miss E Werner, Mr. Monson, Mr Owens, Major Arbuckle, W. A. H. Connor, Ralph E. Hoyt, C. S. De Lano, Mrs. Florence Archer, Miss Belle Mitchell, Miss Maud Hoffman, Mr. H. Burton, Henry Harrison, Mrs. K. Wilkerson, W. S. Melick, Mrs. M. V. Astbury, Miss E. Mabel Astbury, Miss Alice Stephens and Mrs. Dunham.

The California Museum.

The announcements for the coming week at the Dime Museum, commencing to-day, embrace a number of novelties that will doubtless increase the large attendance at this popular resort. Layman, the famous facial artist, known as "the man of a thousand faces," is to appear. He was the sensational feature of the Wigwam, at San Francisco, for several weeks. In the museum department Little Dot, a tiny speck of femininity of mature years, is to make her first appearance, direct from the East. The other attractions in the museum and theatre are equally interesting.

The Baptist University.

A very pleasant entertainment was given last night by the students of the Los Angeles Baptist University, and a large audience was present to enjoy it. To Miss Rider, principal of the Music department, much of the success is due, as with untiring zeal she trained the performers in a manner which reflects great credit on her mode of instruction. Miss Overton's song, "Anchored," was particularly admired, and the piano trio, "Bucephale" by the Misses Mamie Rose, Anna Fowler and Grace Smith, won well-deserved plaudits. The complete programme will be found in to morrow's HERALD.

The Pavilion Play.

The interest in the military drama at the Pavilion has not abated, and the last of the series of performances will doubtless be given to-night to as large an audience as that which was present on the opening night. A special matinee is announced for this afternoon for the benefit of school children, and the charges for admission will be only 15 and 25 cents.

LAND OFFICE ATTORNEYS.

Those Who Are Entitled to Practice at Present.

According to a circular from the Department of the Interior attorneys cannot practice in the United States Land Office matters unless they have been given certificates issued upon certificates from some other court of record or from a Judge of the Superior Court. Such being the case there are but few attorneys in this city who are at present entitled to practice there. Mr. H. W. Patton, Register of the United States Land Office, has upon his list the following named attorneys entitled to practice: L. M. Stratton, J. H. M. W. Edwards, J. H. Cotton, D. J. Chadwick, Will D. Gould, J. J. Stephens, Horace Stevens, S. R. Hogin, Robt. McCullough, E. Rochester, Chas. W. Williams, H. P. Pike, J. W Swanwick, F. F. Gallardo, H. C. Hibbard, F. Church, F. M. Hotchkiss, Hayes & Hicks, J. W. Pain, Geo. Huntington, H. T. Lee, H. G. Stephens, Finlayson & Son, S. C. Ward, J. H. Call, Slingen & Garthur, F. B. Ninan, Wade & Murphy, J. Munroe & Robinson, J. D. Bethune and George Gardner.

The officers of the Land Office hope that the Superior Judges will be careful in giving certificates to people to practice before their department and only grant them to regularly admitted attorneys or to those who will submit to an examination as to their qualifications to practice before the Land Office.

OZENA.

Ozena is the professional or technical name given to an advanced form of catarrh in which ulceration has eaten through the membrane lining of the nose to the cartilage of the bone. Any case of catarrh may end in ozena, but it most frequently occurs in those who are naturally scrofulous. The discharge takes place through the nostrils or through the throat, and is generally of a yellowish or greenish-yellow color, frequently tinged with blood, and almost always attended by an offensive smell. In the language of Dr. Wood, of Philadelphia, "The disease is one of the most obdurate and disagreeable which the physician has to encounter. In bad cases the breath of the patient becomes so revolting as to isolate him from society, and render him an object of distrust even to himself."

In some instances pieces of bone become separated and slough off, leaving deep, unhealthy ulcers, which secrete a bloody matter, and are extremely difficult to heal.

After ozena has continued some time the sense of smell becomes impaired and often lost.

Deafness is one of the most common consequences and results from its extension through the eustachian tube to the internal ear.

Pains in the head over the frontal sinuses, impairing memory, and even insanity, frequently springs from its extension to the brain.

The great danger, however, because the most common, is that it will extend downward and affect the lungs. In most cases of pulmonary disease catarrh is present to some degree, and in many instances it causes a large share of the patient's discomfort.

Besides these grave consequences, all of which are liable to spring from scrofulous catarry of ozena, there are others which, if less dangerous, are sufficiently unpleasant. It occasions great unhappiness to thousands of both sexes by isolating them and preventing their settlement in life. An offensive running from the nose, with foul breath, is about as great a calamity as can befall young people. Every disease of this kind can be cured by our new system of practice.

I have seen so many of these cases cured that I do not consider any case hopeless, unless both lungs are seriously involved. Even then the inhalations aid us in dissolving the mucus and in contracting and healing the cavities, which nothing can do with the same success.

The very best reference from those already cured.
